

Module 4 Unit testing

UnitTest:

Basic asserts and class methods (test_basic_syntax.py):

```
...  
-----  
Ran 3 tests in 0.001s  
  
OK
```

unittest.main() executes all test classes that extend
unittest.TestCase

Test suites, patches and mocks in a system
(test_full_system.py):

```
...  
-----  
Ran 3 tests in 0.002s  
  
OK
```
